- ✓ Flexible yet durable
- ✓ Ease of advancement (patient centric)
- ✓ Simple cleaning
- ✓ Adjustable
- ✓ Maximizes tongue space
- ✓ Polishing produces high sheen, minimizes porosity

### Better sleep is here

The Hushd Pro Avera is a recently FDA cleared Oral Appliance (OA) for the treatment of Snoring, and mild to moderate Obstructive Sleep Apnea. Fabricated with medical grade nylon, coupled with an AI-enabled 3D printed manufacturing processes, the Avera is a good choice when seeking the best anatomical fit device for your patient.

#### TITRATING THE DEVICE

As progress is necessary to attain ideal calibration, individual arch units offer advancement in six variations with 1mm or 0.5mm increments.

At Good Sleep Co, we're passionate about transforming the landscape of sleep medicine for both patients and healthcare providers.

#### HUSHD PRO AVERA REVIEW

*"It is truly amazing. I barely feel like I am wearing a device, my jaw does not feel overly pushed forward and yet it has completely cured my snoring! No teeth displacement or discomfort after wearing for hours at night. It is a godsend and worth every penny!"*
