

PlugBug 120 Owner's Guide

What's in the Box:

1. PlugBug 120
2. International Plug Adapters

Type C – EU

Type G – UK

Getting Started:

1. Open battery door and pull battery tab
2. Choose your international plug adapter
3. Turn on PlugBug

Press and hold the button for 3 seconds, and the device will beep and turn on. Double press the button, a chime will sound.

Note: To turn off, double-click the device first, then quickly press the button 5 times within 2 seconds, a long beep will sound.

Using Apple Find My:

1. Launch the Find My app on your iPhone.
2. In Items, Tap Add Item then Other Supported Item
3. In Items, Tap + then Add Other Item
4. On PlugBug, press Pairing button and follow iPhone on screen instructions to add PlugBug to Find My

The Apple Find My network provides an easy, secure way to locate compatible personal items using the Find My app on your iPhone, iPad, Mac, or the Find Items app on Apple Watch. To use the Apple Find My app to locate this item, the latest version of iOS, iPadOS, or macOS is recommended. The Find Items app on Apple Watch requires the latest version of watchOS. Use of the Works with Apple badge means that a product has been designed to work specifically with the technology identified in the badge and has been certified by the product manufacturer to meet Apple Find My network product specifications and requirements. Apple is not responsible for the operation of this device or use of this product or its compliance with safety and regulatory standards. Apple, Apple Find My, Apple Watch, Find My, iPhone, iPad, iPadOS, Mac, macOS and watchOS are trademarks of Apple Inc. IOS is a trademark or registered trademark of Cisco in the U.S. and other countries and is used under license.

To comply with the published safety standards, the following must be observed when using this adaptor.

1. For information technology equipment and office equipment use only.
2. Do not use if the outer enclosure or plug is damaged.
3. Do not exceed the manufacturer's specifications when in use.
4. Do not attempt to disassemble or modify the charger; doing so may result in injury or damage.
5. Ensure the charger is connected to a compatible power source and the voltage matches the device's requirements.
6. Always unplug the power supply when not in use.
7. Only use indoors in a dry environment.
8. Do not expose the power supply to dripping or splashing water.
9. Do not place objects filled with liquids, such as vases, etc. on or near the power supply.
10. Do not cover the charger during operation or use it near heat sources such as radiators or stoves.
11. Store the charger in a location inaccessible to children to prevent accidental ingestion or tampering.
12. This product is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the power supply by a person responsible for their safety.
13. Maximum ambient temperature: 45°C / 113° F.
14. The main plug is used as the disconnect device. The disconnect device shall be readily operable.
15. Before charging, ensure there are no foreign objects, such as metal objects or liquids, obstructing the charger's ports. Inserting foreign objects may damage the charger or connected devices.
16. Do not expose the charger to flammable or harsh chemicals or vapors.
17. Do not use the charger when either you, the vehicle or the charger is exposed to severe rain, snow, electrical storm or other inclement weather.

18. When transporting the charger, handle with care to prevent damage to any of its components. Do not subject the charger to strong force or impact. Do not twist, tangle, drag or step on the charger or any of its components.
19. Protect the charger from moisture, water and foreign objects at all times. If any exist or appear to have corroded or damaged the charger, do not use the charger.
20. Do not use this device with an extension cord or an adapter.
21. Ensure that the charger's charging cable does not obstruct pedestrians or other objects.
22. Connected only to a properly grounded outlet.
23. This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20cm between the radiator and your body.
24. The device shall be used in such a manner that the potential for human contact normal operation is minimized.
25. This transmitter must be installed to provide a separation distance of at least 20 cm from all persons.
26. Conforms to UL 62368-1 and certified to CSA C22.2 No. 62368-1:19.

Twelve South, Inc. hereby declares that this wireless device is in compliance with the Directive 2014/53/EU. A copy of the EU Declaration of Conformity is available at <https://twelvesouth.co.uk/>. Twelve South's EU representative is CMS Distribution. A copy of the UKCA Declaration of Conformity is available at <https://twelvesouth.co.uk/>. Twelve South's EU representative is CMS Distribution.

FCC ID: 2BG2B-TS120W

FCC Compliance Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.

- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.
- Changes or modifications to this product not authorized by Twelve South could void the electromagnetic compatibility (EMC) and wireless compliance and negate your authority to operate the product.

CE DECLARATION OF CONFORMITY

Twelve South declares that this product is in compliance with the essential requirements and other relevant provisions of applicable EC directives. For Europe, a copy of the Declaration of Conformity for this product may be obtained by visiting www.twelvesouth.com

IC ID: 32630-TS120W

This device complies with Industry Canada's license-exempt RSS standard(s). Operation is subject to the following two conditions: 1.This device may not cause interference, and 2.This device must accept any interference, including interference that may cause undesired operation of the device.

IC RF Statement:

When using the product, maintain a distance of 20cm from the body to ensure compliance with RF exposure requirements.

Canada-Industry Canada (IC)

This device complies with ISED Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.
