

CRUNCHI® *In the News*

SHE FINDS

It's in these very instances that color correcting makeup can become useful for masking under eye bags and even potentially allowing you to look younger. We spoke with **Kristen Fortier**, MUA and Product Innovation Lead at **Crunchi** for her top tips on color correcting as an anti-aging makeup tool so your concealer application can go from good to great and dark circles and discoloration won't stand a chance.
