Should You Use Talc-Free Beauty Products?

A new HBO docuseries puts the controversial ingredient under a microscope.

Translucent Finishing Powder

Crunchi

\$34 AT [CRUNCHI.COM](#)

Rather than talc, this setting powder is made from naturally derived silica amorphous. Although Crunchi cofounder Petschke admits talc alternatives are more expensive, she says, "This is a financial investment we are proud to commit to for the safety of our clients."
