We don't know about you, but one of our biggest **resolutions** for this year is upping our **skincare** routines, and lucky for all of us, January 2023 hasn't been lacking in fabulous new product drops.

We've been trying all kinds of amazing goodies for the skin this month, so if you're curious about our favorites, just keep scrolling to discover the very best new skincare products of January 2023.

#### Crunchi I AM The Balm: \$58

Crunchi's I AM The Balm cleansing balm also came out on Jan. 1, and we can't get enough of just how functional it is. This triple-threat balm removes makeup and works as a facial cleanser while also working as a hydrating facial mask. Additionally, it calms stressed skin, helps even out skin tone and encourages circulation for a glowing complexion.
