## *26 Wedding Makeup Looks for Green Eyes*

"Playing up your specific eye color on your wedding day will make a huge difference in not only your entire makeup look but your photos as well," says makeup artist Kristen Fortier. "The best way to ensure you are choosing the right colors for green eyes is to use a color wheel and work with shades opposite of green. Colors like warm-toned shades, reds, pinks, copper, bronze, and purple hues are key."
