

# Luminescence<sup>®</sup> *Liquid Highlighter*

A weightless liquid highlighter that melts into skin for a natural, lit-from-within glow.

\$32

## How To Use

Use the precise-tip applicator to apply 1-2 dots anywhere you want a luminous glow:

1. Cheekbones
2. Brow Bone
3. Cupid's Bow
4. Bridge of the Nose

Blend with fingertips or the #5 Highlighter Brush for a seamless application.

*Pro Tip: After concealer, tap a small amount of highlighter under the eyes to brighten. Blend.*

Available in two versatile shades

**Pink Nectar**  
*Soft shimmering pink*

**Golden Dew**  
*Neutral gilded gold*

## What It Does

- ✓ Delivers a lasting lit-from-within glow
- ✓ Weightless, never heavy or cakey
- ✓ Blends seamlessly over or under makeup
- ✓ Hydrates and soothes

## What Else You Need to Know

- Safe for all skin types, including sensitive
- Free from FD&C pigments and lake dyes
- Third-party tested for heavy metals

## How It Works

### Plant Squalane

Hydrates and delivers a lightweight texture

### Licorice Root Extract

Soothes and helps protect against daily stressors

### Snow Mushroom

Boosts hydration and smooths skin

### Pure Pigments

Provide lasting, light-reflective color

## What It's Free From

*Uncompromised* clean beauty formulated without:

- X No ethoxylated ingredients
- X No phenoxyethanol
- X No fragrance
- X No silicones
- X No GMO ingredients

*And so many more...*
