earbuds to activate/
cancel Siri/Google

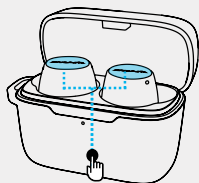

EARBUDS LOST CONNECTION?

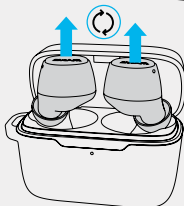

1. Make sure your charging case is fully charged

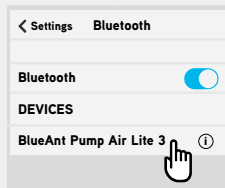

2. Place earbuds in the case and wait for a solid white LED on both earbuds. If the LED is flashing, adjust the earbuds to ensure proper contact until the LED is solid.

3. Press and hold the MFB button on both earbuds simultaneously for 10s, until you see each bud flash white twice.

4. Remove both earbuds from the case and wait 5s for re-syncing to occur.

5. Scan for bluetooth devices on your phone.

N.B. If you're having trouble with this process, please refer to the user manual (V1.0 or greater) for more detailed information
