Secure Locking Knob
Holds strap securely on BBQ Tool Handle.

Dishwasher Safe
Simply wash along with your BBQ Tool!

Four Fun Designs!
Available in Black or Red.
Get one for each of your BBQ Tools!

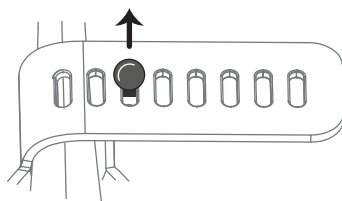

Using Grillbot Heat Shield

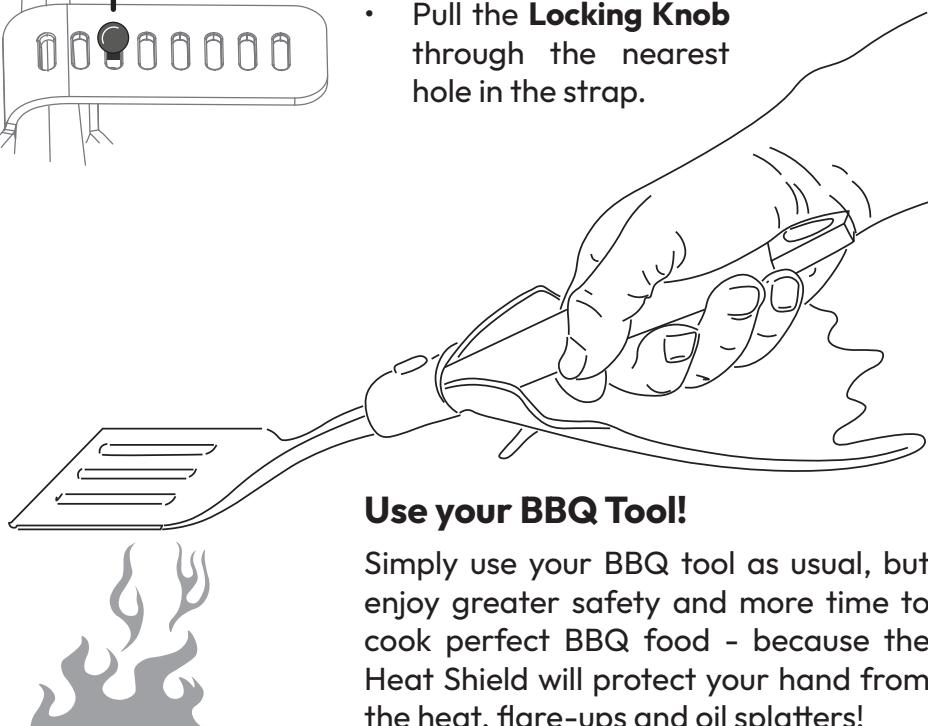

Insert your BBQ Tool.

- Place the BBQ tool into the back of the Grillbot™ Heat Shield, facing up (in the way you would usually use that tool).
- Ensure the design-side of the heat shield is **down**, so it faces the heat when using the tool.

Secure the Heat Shield Strap.

- Pull the Heat Guard **Strap** tightly around the handle of the BBQ tool.
- Pull the **Locking Knob** through the nearest hole in the strap.

Use your BBQ Tool!

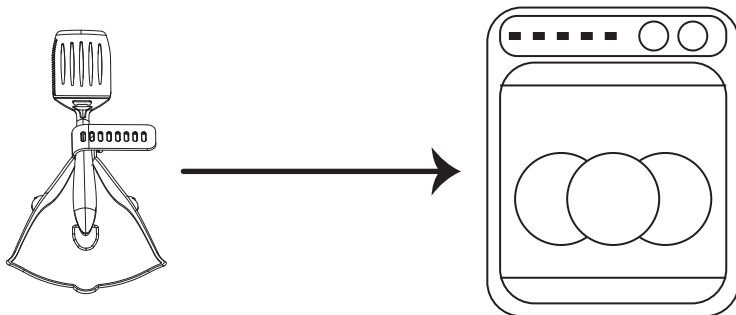

Simply use your BBQ tool as usual, but enjoy greater safety and more time to cook perfect BBQ food - because the Heat Shield will protect your hand from the heat, flare-ups and oil splatters!

Cleaning and Care

Simply place the Grillbot™ Heat Shield in the dishwasher!

ALL Grillbot™ Heat Shields are dishwasher safe.

- There is no need to detach the Heat Shield from your BBQ Tool, unless stubborn dirt has collected between the Heat Shield and handle of your BBQ tool.
- Simply wash both together in your dishwasher. (You can also wash by hand, if you don't have a machine).

Care

Your Grillbot™ Silicone Heat Shield is designed to last many years, following these simple rules:

- To handwash, use hot soapy water and a non-scratch sponge or brush. Air-dry or dry thoroughly with a soft dry cloth.
- Do not use harsh chemicals or solvents to clean.
- Do not place the Heat Shield directly onto heat or flames - it is designed to shield from heat, not to be used directly in flames or directly on top of a heat source.
- Store in a dry place.

Safety

Always use caution when cooking over naked flames and high heat.

- Your hand and tool handle must be in the heat shield - with the design-side of the heat shield facing the BBQ.
- The Heat Shield shields from momentary heat, flare-ups and splatters of oil for a short time in normal use. It will get increasingly hot the longer it is used over heat, potentially causing a risk of burns. Do not keep over heat longer than necessary.
- The Heat Shield will only shield the hand used to hold the tool it is attached to. It is not designed to protect any other part of your body, or others around you.
- BBQ tools used with the Heat Shield will still get hot. Exercise caution to avoid burns, do not touch parts of BBQ tools that have been directly exposed to heat.
- If you suffer a serious burn, please seek immediate medical advice.
- This product is NOT A TOY, please KEEP AWAY FROM CHILDREN. Ensure children remain supervised when using this product.
- If this product becomes damaged for any reason and particles of silicone enter food, do not consume.

Warranty

Grillbot believes in and stands behind all of our products. That's why all Grillbot Heat Shields purchased from our online store come with a 30-day, money-back satisfaction guarantee.

Upon receipt, please inspect your purchase and notify us of any damage; we will arrange for a prompt replacement.

Within 30 days, you may return most items for a refund of the merchandise value. An original receipt or gift receipt is required for all returns and exchanges. Returns with a gift receipt will be refunded in the form of a Credit for the amount indicated on the gift receipt. Returns with original receipt will be refunded in the original form of payment. Please note that returned items must be in new condition and in original box packaging.

The limited warranty is valid only on products bought through our website or on Amazon.com. Buying through an unauthorized reseller or using a product outside of North America automatically voids the 30-day, money-back guarantee and limited warranty. Proof of purchase will be required prior to receiving limited warranty service.

Your Grillbot Heat Shield must be registered to receive limited warranty service. The Grillbot Heat Shield limited warranty is not transferable. Once you register your Heat Shield, you are the only one who can request limited warranty service for the length of the limited warranty.

What is covered?

We cannot accept returns on on items damaged through normal wear and tear. Final sale items ending cannot be returned. We also cannot accept returns of any food related prep products, which are considered final sale items.

The Grillbot Heat Shield limited warranty covers manufacturing defects in materials and workmanship that might occur during normal use of your Grillbot Heat Shield. Defects resulting from improper maintenance, DROPS or FALLS OFF THE COUNTER OR GRILL, EXPOSURE TO FIRE, EXCESSIVE HEAT OR unauthorized repairs or failure to follow operational instructions are just a few of the items not covered. Damage caused by the use of accessories and parts, that were not manufactured by Grillbot voids the limited warranty.

Both the 30-day, money-back guarantee and limited warranty are void if product is used outside North America.

If something that is covered does break, how do I get it fixed?

Contact us to determine your problem and next steps. Replacement parts and products assume the remaining original limited warranty, or thirty (30) days, whichever is longer. All replaced parts and products become the property of Grillbot Corporation and must be returned to Grillbot. To obtain limited warranty service please register your new Grillbot HERE. For support or other information, please email us at: customerservice@grillbots.com.
