

Grillbot Smart Apron™

Quick Start Guide

Welcome to smarter grilling.

Your Grillbot Smart Apron includes:

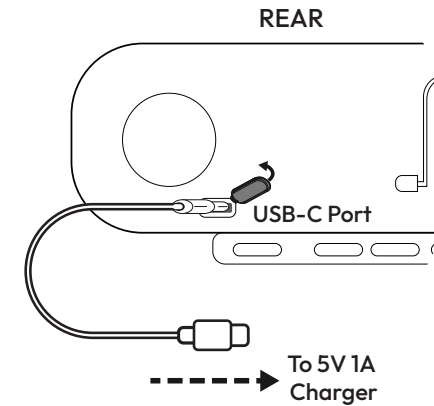

- Machine-washable multi pocket BBQ apron.
- Removeable Command Center.
- Bluetooth® Speaker (Music & Phone Calls).
- Bluetooth® Meat Thermometer.
- LED Motion Sensor Lightbar.
- Built-in stand & Apron Dock.
- USB-C charging.

1.

CHARGE BEFORE FIRST USE!

1. Open USB-C Cover.
2. Plug into **5V/1A charger** only.
3. Red Light: Charging (About 2 Hrs).
4. Light Off: Fully charged.
5. Meat Thermometer charges when clipped on. Remove shipping tab from clip, before first charge.

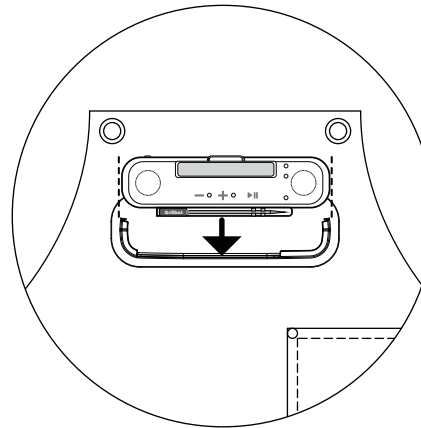

Apple® style chargers can be used.

2.

Fix Command Center onto Smart Apron

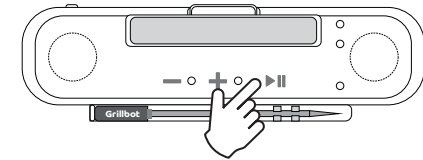

1. Slide rear of Command Center into top of dock on apron.
2. Slide down until it clicks.
3. To remove, pull straight up.

3.

Connect Bluetooth® to Speaker

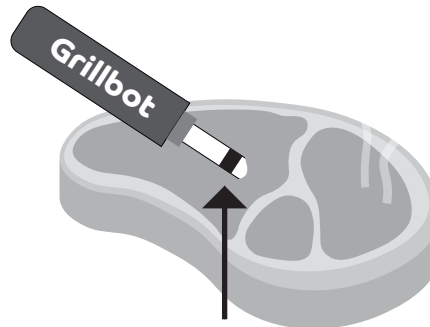

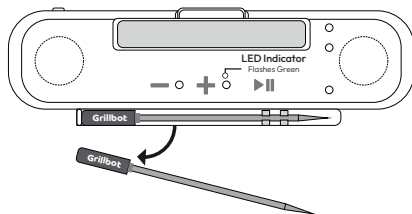

1. Turn ON Bluetooth® on your phone.
2. Hold PLAY button on Command Center for 3 seconds.
3. Pair with GBA101 on phone list.
4. Blue light stops flashing = connected.

4.

Connect Meat Thermometer

1. Download the Grillbot App.
2. Turn ON Bluetooth® on your phone.
3. Remove Thermometer from clip on Command Center.
4. Open Grillbot App.
5. Thermometer connects automatically.

The Thermometer has a **safety notch** near the handle. Insert into food **up to this notch** to protect the thermometer and give correct readings.

5.

Using the Meat Thermometer

1. Insert into food up to **Safety Notch**.
2. Open Grillbot App.
3. Choose a 'Recipe' for chosen food.
4. App shows temperature and notifies when done!

Max internal temperature: **212°F (100°C)**
Handle safe up to **572°C (300°C)**
