The screenshot shows a mobile app interface with a modal titled "Redeem your credits" and a close button (X). Below the title, the text asks: "How much of your \$15 in credits would you like to redeem?". A text input field contains "\$1.5", and this field is highlighted with a red rectangular box. Below the input field is a black button labeled "Generate code". At the bottom of the modal, there is a link that says "Get discount code". The background of the phone screen shows a keyboard with predictive text suggestions ("I", "The", "I'm") and standard numeric and symbol keys.
