

Supra J5 Over the Door KeySafe™

Supra J5 Over the Door KeySafe™

The Supra J5 Over the Door KeySafe™ offers key storage exactly where it's needed – at the door.

Fully portable and reusable

With no installation required, the Supra J5 fits directly into the door frame in seconds. It is fully portable and can be reused again and again. This makes the Supra J5 particularly popular for managing void properties, as it cuts time, fuel and number of keys needed.

Convenient property access in seconds

Simply slip the bracket over the top of the door and this outdoor security box will stay in place once the door is closed. No tools or specialist equipment needed.

Over 1,000 code combinations

Quickly and easily change codes whenever you like with the code changing tool included.

Supra J5 Over the Door KeySafe™ features & benefits:

EASY TO ATTACH: No installation required, the Supra J5 fits directly into the door frame in seconds.

SPACIOUS YET COMPACT INTERNAL SPACE: Holds up to 5 Yale type keys

Solid and practical design

The Supra J5 is built to withstand the wear and tear from repetitive use. It is made from tough, weather resistant Zinc Alloy with a strengthened steel bracket and features a neoprene weather cover for even more protection. The large internal compartment can store up to five keys depending on size and type.

Options to suit most doors

The bracket supplied with the product is recommended for flush mounted doors only. We also offer a bracket for PVCu doors which can be purchased separately.

Did you know?

The Supra J5 Over the Door KeySafe™ is often included in hospital care packs, to help with quicker hospital discharges and enable better patient care in the comfort of their homes.
