

# Supra Portable KeySafe™

## Supra Portable KeySafe™

The Supra Portable KeySafe™ is a quick and hassle-free way to enable instant access as and when you need it.

### A padlock key safe for any location

The shackle design means the Supra Portable KeySafe™ doubles as a heavy-duty padlock, making it a perfect choice for urgent key holding requirements. Store keys exactly where you need them by simply attaching the key safe to a doorknob, gate, fence or railing.

### Durable and compact design

The Supra Portable KeySafe™ is constructed from tough Zinc Alloy and stainless steel, with a neoprene coating that helps protect it against scratches and minor damage. It comes with a 2 year manufacturer warranty. For added durability in all weather conditions, an optional neoprene cover is also available. This portable key safe can securely store up to two keys.

### Supra Portable KeySafe™ features & benefits:

**EASY TO ATTACH:** Hangs easily on any door knob, gate, fence, railing or pipe.

**SCRATCH & DAMAGE RESISTANT:** The key safe comes with a durable neoprene coating to prevent scratching and minor damages

### Easy code changing

With over 1,000 combinations to choose from, you can easily change the code whenever you like with the code changing tool included.

### Did you know?

The Supra Portable KeySafe™ is our lightest key storage device and a popular short-term solution for managing void property access during periods of renovation.

### Quick and easy set-up

With no installation required, the Supra Portable KeySafe™ takes seconds to set up. It is fully transportable and reusable – ideal for offering temporary access to contractors and service providers, again and again.
