

## SmartCard Lite Quick Start

Thanks for purchasing SmartCard Lite! Before you put your SmartCard Lite in your wallet, let's get it connected to the Apple Find My app.

**1**

Long press the Find My button (⌘) until the device beeps to turn on your SmartCard Lite.

**2**

Open the Apple Find My app on your iOS device. Choose "Items" > "Add New Item (+)" > "Add Other Item".

**3**

SmartCard Lite will appear on screen. Tap to connect and then set a custom name and icon for your card.

### Follow the tips below for the best SmartCard experience.

- Use the SmartCard Lite with a leather or fabric wallet and place in the outermost pocket.
- Share your SmartCard Lite with family inside of the Apple Find My app so they can help you find your wallet.
- Still having trouble? Reach out to our support team at [orders@mykeysmart.com](mailto:orders@mykeysmart.com).

### Connecting to the Find My app

1. Turn on your SmartCard Lite by long pressing the Find My button (⌘) until the device beeps.
2. Open the Apple Find My app on your iOS device. Tap the "+" and select "Add Other Item" from the menu.
3. SmartCard Lite will appear on screen. Tap to connect and then set a custom name and icon for your card.

### Remove from Find My app

1. Open the Apple Find My App, tap the Items tab, and tap your SmartCard Lite.
2. Tap "Remove Item" and then tap "Remove" to complete the operation.
3. Note: After removing SmartCard Lite, the device will beep. It will not shut down and will be in pairing mode. If no re-pairing takes place within 10 minutes, SmartCard Lite will leave the pairing state.

### Locate your SmartCard

1. Open the Apple Find My app and select the "items" tab.
2. Tap on your SmartCard Lite.
3. Tap "Play Sound" to trigger the Smartcard Lite locator sound.
4. Tap "Stop Sound" to stop the sound once your SmartCard Lite is found.

### "Left Behind" Notifications

To enable "Left Behind" Notifications:

1. Open the Apple Find My App, tap the Items tab, and tap your SmartCard Lite.
2. Under "Notifications" enable the "Notify When Left Behind" toggle.
3. You will now receive a notification when your SmartCard Lite is no longer in range of your device.

### Features of the Apple Find My app

KeySmart SmartCard Lite works exclusively with the Apple Find My network. The Apple Find My network provides an easy, secure way to locate compatible personal items on a map using the Find My app on your iPhone, iPad, iPod touch, or Mac. Simply pair your compatible product with the Apple Find My app to view it right alongside your Apple devices. If your item ever goes missing, you can put it in Lost Mode to display a message and contact information to anyone who might find it. The Find My network is encrypted and anonymous, so no one else, not even Apple or the maker of your personal item, can view its location.

### Requirements

To use the Apple Find My app to locate this item, the latest version of iOS, iPadOS, or macOS is recommended.

### Privacy

The Apple Find My network uses advanced encryption to ensure that no one else, not even Apple or KeySmart can view the location of your KeySmart SmartCard Lite.

### How To Find The Serial Number

To find your device's serial number, follow the steps below.

1. Via the Apple Find My app:
  - A. Open the Apple Find My app, tap the Items tab, and tap your KeySmart SmartCard Lite.
  - B. Scroll to the bottom of the Item Detail card. The serial number is displayed below Manufacturer.
2. On the device:
3. The serial number is printed on the bottom edge of the KeySmart SmartCard Lite.

### How to Perform a Factory Reset

If you would like to unpair your KeySmart SmartClip from your Apple Find My account so that it can be paired to a different Apple Find My account, follow the steps below.

1. Open the Apple Find My App, tap the Items tab, and tap your SmartCard Lite.
2. Tap Remove Item, and follow the onscreen instructions.
3. On the SmartCard Lite, double press the power button. The SmartCard Lite will beep. Then, long press the button for 8 seconds until the SmartCard Lite beeps.
4. Release the button to complete the factory reset. The SmartCard Lite can now be paired.

### Use And Care

KeySmart SmartCard Lite is water-resistant but not waterproof. We encourage you to bring you KeySmart SmartCard Lite along on most of your wild adventures, but deep-sea explorations (and the like) are not recommended. It is not recommended that you expose the KeySmart SmartCard Lite to extreme hot or cold temperatures.

### FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference; (2) this device must accept any interference received, including interference that may cause undesired operation. Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help. The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
