Sleep better. Feel better.

  
SleepCare

Download the App:

- ✓ Track sleep improvements
- ✓ Connect with local clinics and dentists that specialise in snoring and sleep apnea

For instructions on how to fit your Hushd Guard, download the SleepCare app from the app store using the QR code.

**hushd**<sup>GUARD</sup>  
TEMPORARY DEVICE

Your new Hushd Guard has:

- ✓ Non-toxic silicone
- ✓ Flexible band

Prevent teeth clenching and grinding. Remove the noise of bruxism and snoring! The Hushd Guard is our Occlusal Splint Nightguard, made from non-toxic silicone with cushioned bite-pads and a flexible band to ensure the splint is secure, but breathing is easy.

**hushd**<sup>PRO</sup>  
GUARD  
PERMANENT DEVICE

Your permanent solution:

- ✓ Digital, custom 3D printed nylon
- ✓ Virtually unbreakable, even in extremely thin sections
- ✓ Exceptional fit

The Hushd Pro Guard offers a permanent solution for bruxism and teeth grinding. The device is custom fitted for maximum comfort and made from the strongest nylon possible.

*"I've seen many solutions for bruxism, but the Hushd Pro Guard stands out. Its meticulous design ensures an impeccable fit, reducing the time spent on adjustments. Their 3D printed Nylon material is lighter, thinner, with more comfort for the patient while maintaining strength. More importantly the presentation is the best I've seen, making the entire patient experience."*
