

Sonic Lens™

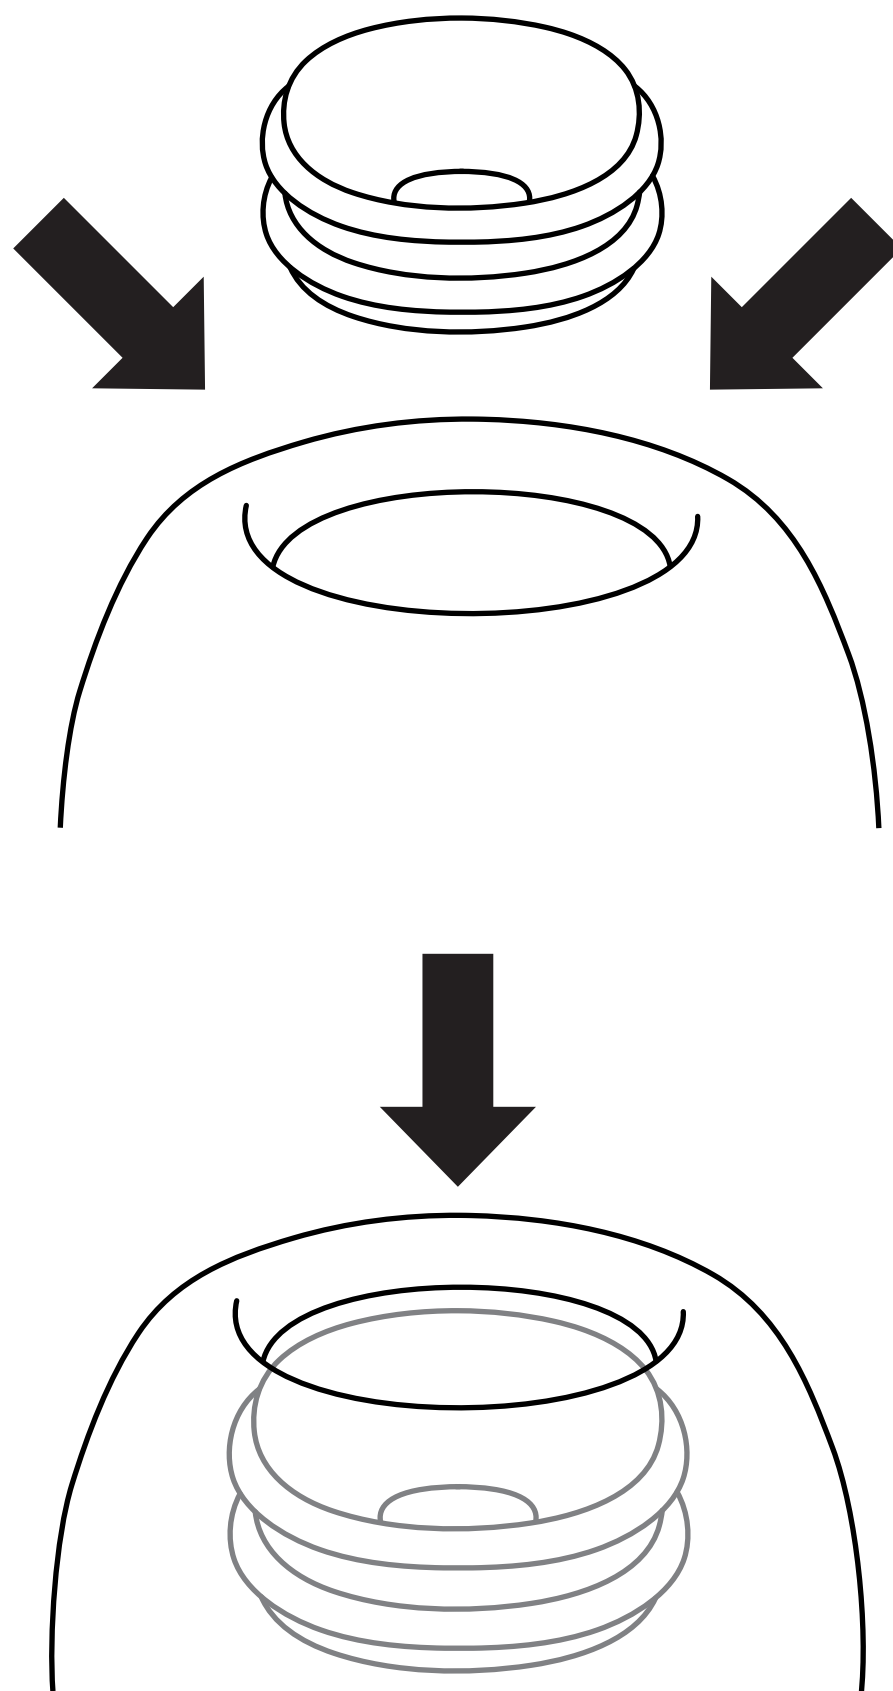

Compatible with Apple AirPods®
(Pro models)

Instruction Guide

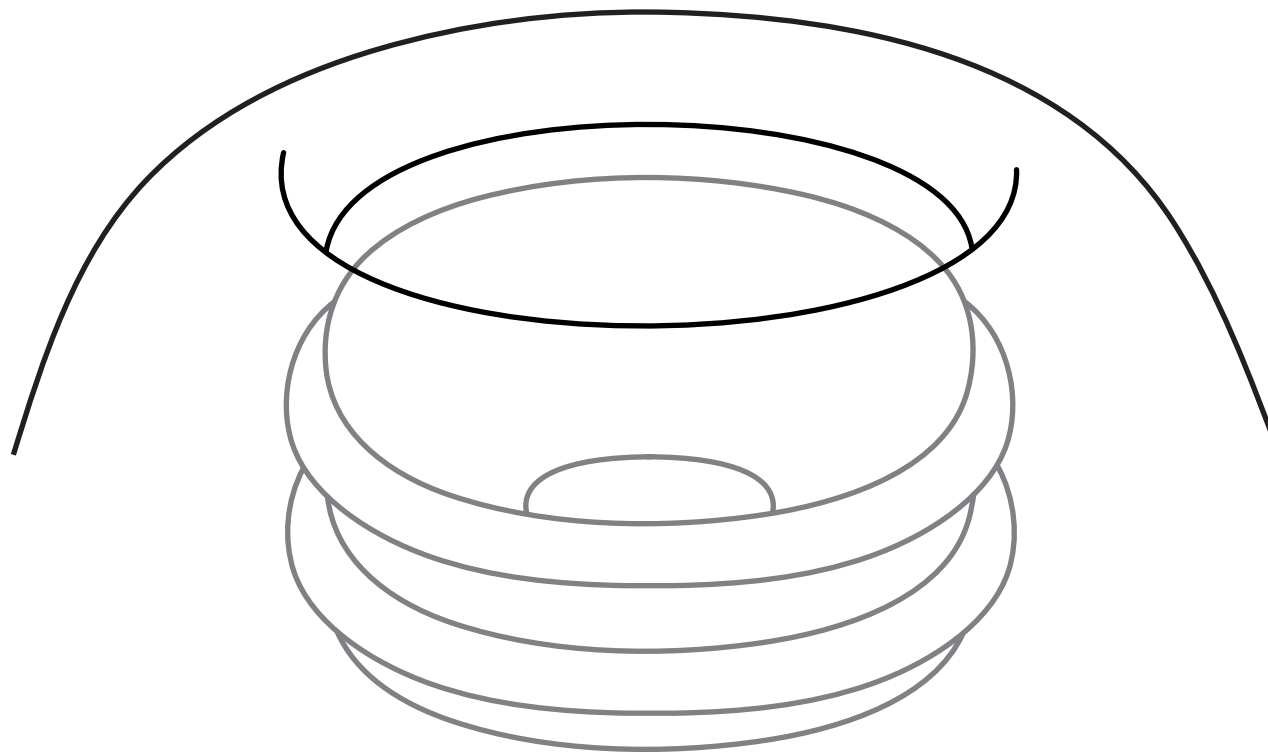

**IMPORTANT: Only use genuine Apple AirPods Pro®
or Pro 2 ear tips supplied by Apple.**

1

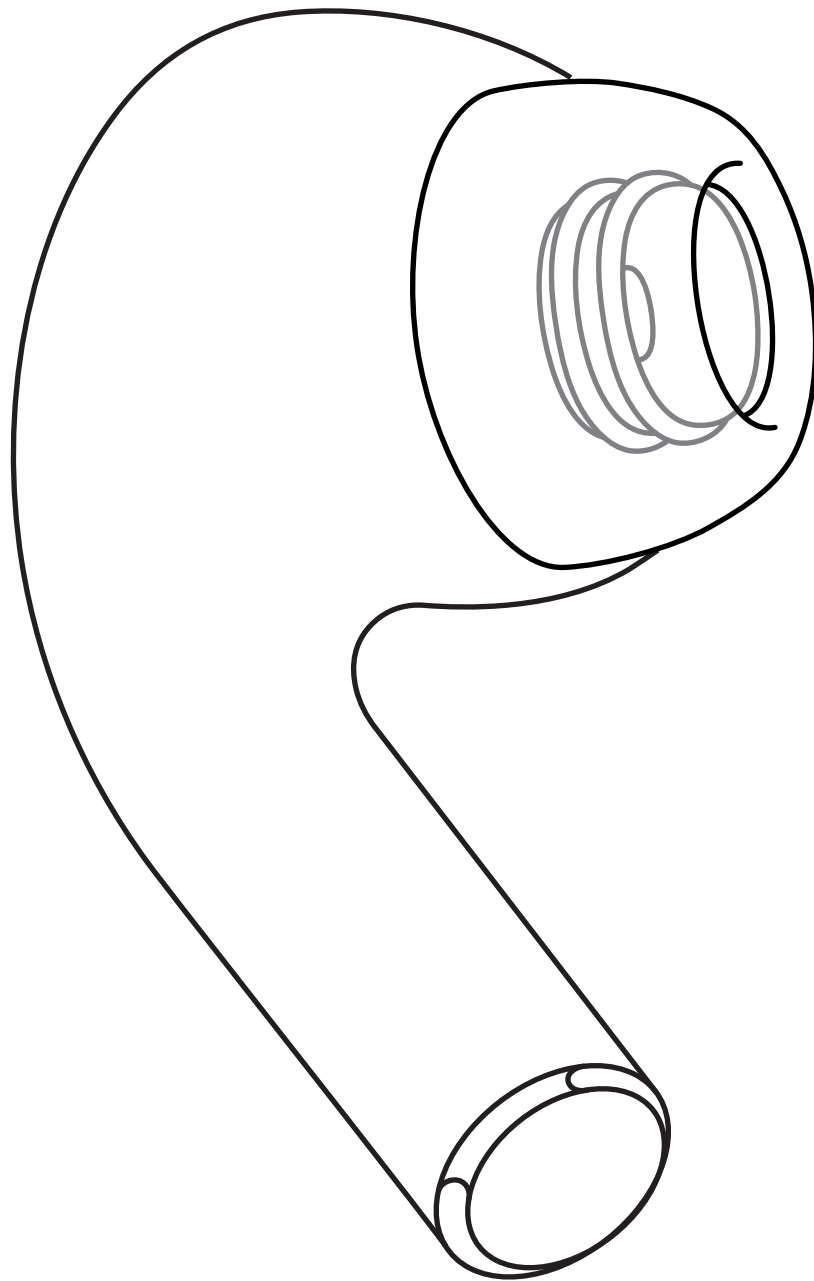

Confirm your Apple ear tips are genuine, securely attached to the AirPods, and free from damage, dirt, or moisture. Follow Apple's instructions for cleaning and ensure tips are completely dry before use.

2

Insert the Sonic Lens™ fully into the ear tip, ensuring it is correctly oriented, flat, and securely seated.

3

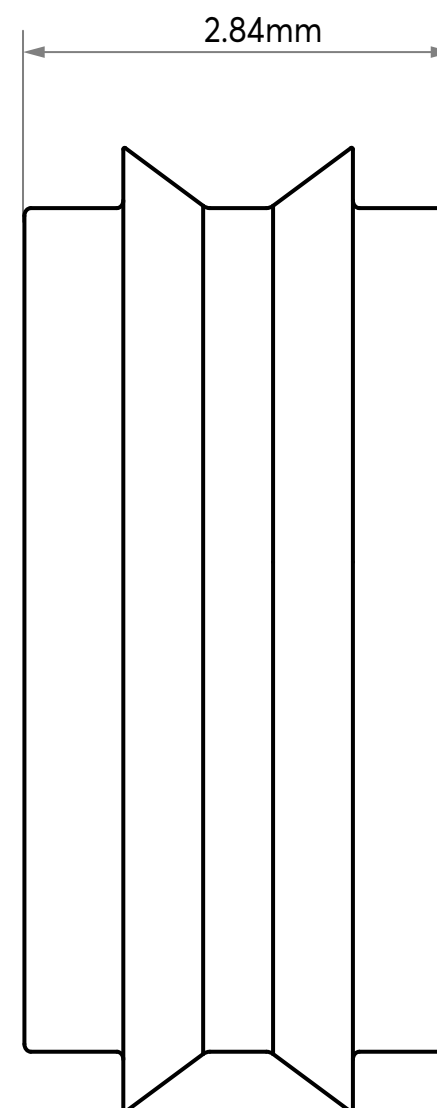

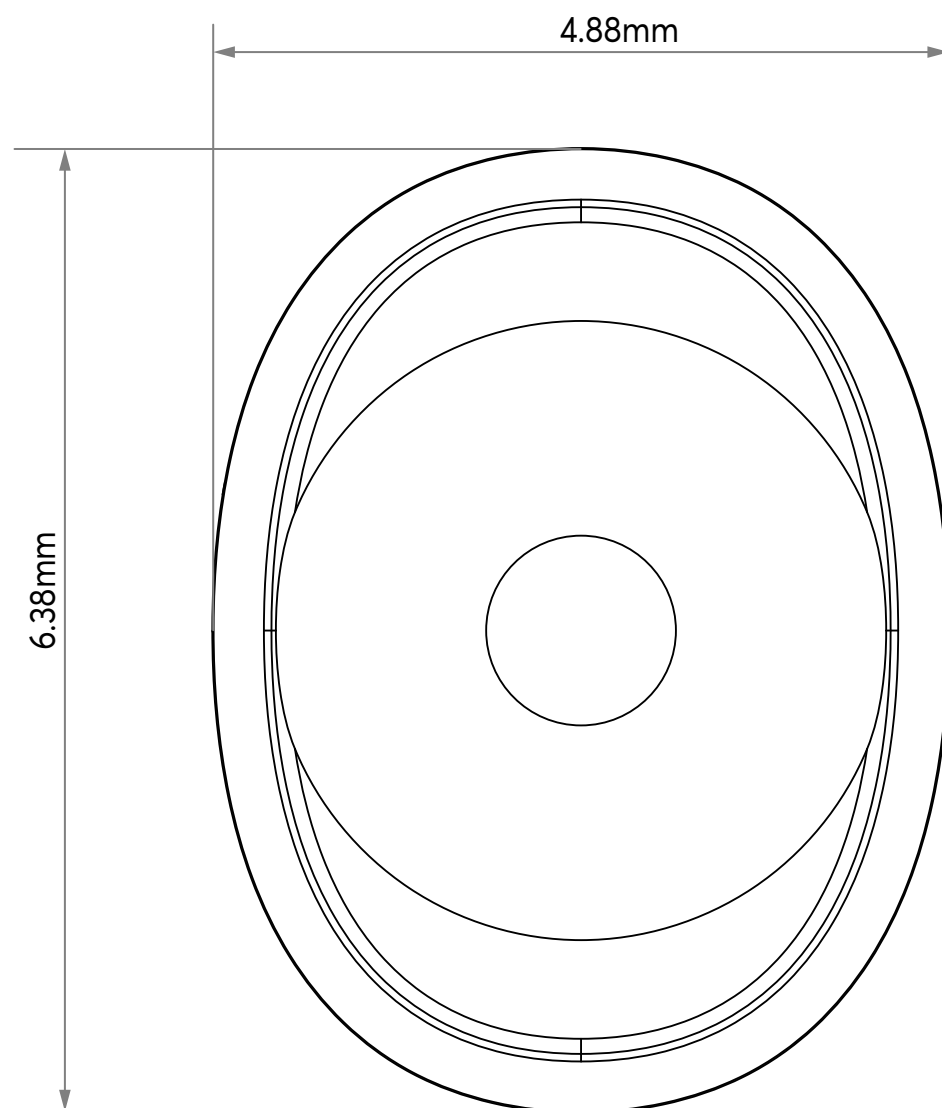

Before each use, inspect both your silicone ear tips and the Sonic Lens™. If the insert is loose, protruding, or the silicone tips feel worn or damaged, replace the silicone tips immediately and do not use until secure.

Technical specifications

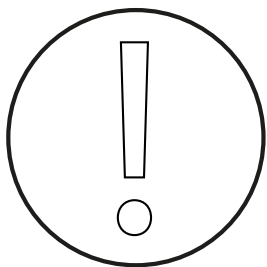

Sonic Lens specifications

- Storage temperature - -20° to $+60^{\circ}$ C
- Material - Bio-Medical-Grade Resin Matt Black
- Weight <1g

Safety Instructions

- Please read these instructions thoroughly before using your Sonic Lens to ensure safe and effective usage.
- When lending the product to others, make sure to include this instruction manual to provide necessary information.

Important

Do not modify the tips or the Sonic Lens™.

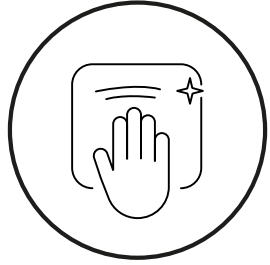

If the insert cannot be fitted securely, discontinue use immediately to avoid risk of detachment.

Users are solely responsible for ensuring tips and inserts are fitted and inspected before use. Flare Audio accepts no responsibility for issues arising from incorrect fitting, use with non-genuine Apple tips, or use contrary to these instructions.

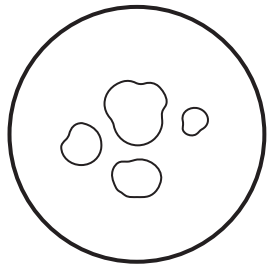

Choking hazard

To avoid accidental ingestion, keep the Sonic Lens away from children and pets.

Maintenance

Clean only with a dry cloth. Do not use harsh chemicals. Remove Sonic Lens immediately if you experience discomfort and contact support (info@flareaudio.com).

Natural Ear Build-Up

Ensure the ear canal is free from wax build-up before use and check regularly, as accumulation over time may block the earphone tip and/or cause it to loosen and detach inside the ear.

EN SAFETY GUIDELINES

Not suitable for children • Choking hazard • Do not use excessive volume

DE SICHERHEITSHINWEISE Nicht geeignet für Kinder - Erstickungsgefahr / Nicht zu große Menge verwenden
