Tools Required:

- Cordless drill
- Phillips bit
- 1/4 inch drill bit

Secure each decorative corbel to the bottom of the wall mount brackets* using two 1 inch screws. The decorative corbels are sold in pairs so we recommend installing them on the outside brackets as shown above.

The front lip of the wall mount bracket should sit flush against the inside face of the decorative corbel (indicated by the arrow). The molded corbels are only decorative so there is no need to over tighten the screws.

*Wall Mount Brackets are included with all Mayne Window Boxes.
